Waste Handling Statement

The process for disposal of waste from our customer's sites is as follows:

- The waste is collected from site and transported on **Waste Carriers Licence TNE375758** to our waste transfer facility in Rainham, Essex.
- When the waste reaches the transfer facility which operates on **Waste Management License WML80378**, the waste is sorted intensively to remove all recyclable material, using multiple types of sorting machinery.
- All remaining Residue is transported to Veolia Environmental Services Landfill sites, which operates on **Waste Management License T/NE/CLE122**.
