**SKIP HIRE – ROLL-ON-OFF HIRE – GRAB LOADER HIRE – RECYCLING CENTRE**

Thank you for choosing to hire a skip from us.

Your skip will be placed on the highway with a skip permit obtained from your local council authority, therefore we need to make you aware of the terms & conditions of the skip hire.

As per council regulations and our hire terms, once the skip is delivered and placed on site (including when it is on a public road under permit), it remains the hirer's responsibility to ensure it is kept in a safe and compliant condition for the duration of the hire.

Any council penalties or costs after delivery will therefore remain the responsibility of the hirer.

We hope you understand our position and appreciate the need to comply with these regulations.

We value your business and look forward to continuing to provide you with a great service.

- Obstruction of the public highway
- Depositing a builders skip on the highway without permission of the highway authority
- Failure to secure & use proper lighting or other safety measures on the skip
- Failure to secure removal of the skip when work is completed
- Failure to comply with the terms & conditions of a permission
- Failure to comply with an instruction to remove or reposition a skip.
- Over filling/loading a skip on the highway.
